

How does it work?

Parents as Teachers is a free program for families prenatally through 5 years old. Families can participate by having home visits, video visits, or phone visits. Your parent educator is there to provide well-researched information to help you make good parenting decisions, and to provide concrete support for you in times of need. Regular screenings during your visits will make sure your child is healthy, safe, and developing on track. Need more help or a special resource? Your parent educator will make the introduction and connect you, plus connect you with other parents that share your experiences.

Parents as Teachers children are healthy, safe and ready to learn.

- >They're healthier.
- >They score higher on kindergarten readiness tests.
